

**BUTLER COUNTY ENGINEER'S OFFICE  
BUTLER COUNTY, OHIO  
Public Announcement  
February 14, 2018**

The Butler County Engineer is seeking "Letters of Interest" from ODOT pre-qualified firms for the following described project:

**Project Identification:** Liberty Fairfield Road – Project #BUT-CR113-1.00 / PID 98789

**Services requested:** Appraisals  
Appraisal Reviews

**Project descriptions:**

***Liberty Fairfield Road – BUT-CR113-1.00 – PID 98789***

The proposed project will widen the section of Liberty Fairfield Road between Princeton Road and Millikin Road from two lanes to three lanes. The improved roadway will have one through lane in each direction as well as a center two-way left turn lane. This project will also include adding five-foot paved shoulders, curb and gutter, an enclosed storm sewer system, and installation of lighting at intersections. The project is approximately one mile long.

The projects include approximately: 78+- Owners / 113+- Parcels

**Project Schedule:** Appraisals – 60 days from start  
Appraisal Reviews – 30 days from appraisal completion date

**Construction Start:** 2019

**Letters of Interest should contain the following information:**

- Company full name, address, phone, and e-mail
- Name, phone, e-mail and qualifications of individuals
- Copy of ODOT Certification
- List of past projects
- List of references
- Ability to meet project schedule

**Submittals:** Pre-qualified firms that would like to be considered for contract to provide the required services should reply with a Letter of Interest no later than March 1, 2018. Letters received after this date will not be considered. Letters should be submitted to Shirley A. Oney, Butler County Engineer's Office, 1921 Fairgrove Avenue, Hamilton, Ohio 45011.

**Contact:** Shirley A. Oney - 513-785-4111 or [oneys@bceo.org](mailto:oneys@bceo.org).
