

**BUTLER COUNTY ENGINEER'S OFFICE
BUTLER COUNTY, OHIO
Public Announcement
April 3, 2017**

The Butler County Engineer is seeking "Letters of Interest" from ODOT pre-qualified firms for the following described project:

Project Identification: Princeton Road – Project # BUT-CR18-2.55 / PID 98784

Services requested: Appraisals
Appraisal Reviews

Project descriptions:

The project will involve the widening of the existing lane width to eleven feet, the adjusting of the existing roadway profile to improve sight distance and the adding of four foot paved shoulders along with installing edgeline rumble stripes. Due to the increased pavement width existing culvert pipes will be extended. Once the mentioned work is completed the roadway will receive an asphalt overlay and new pavement striping. The project begins approximately 300 linear feet east of Jayfield Drive and ends approximately 1000 linear feet east of Willow Brooke Drive. Total project length is approximately 1.8 miles. Construction is tentatively scheduled for Spring 2018 and be complete before the end of the same year.

The project includes approximately: 16 +- Owners / 18 +- Parcels

Project Schedule: Appraisals – 30 days from start
Appraisal Reviews – 30 days from appraisal completion date

Construction Start: 2018

Letters of Interest should contain the following information:

- Company full name, address, phone, and e-mail
- Name, phone, e-mail and qualifications of individuals
- Copy of ODOT Certification
- List of past projects
- List of references
- Ability to meet project schedule

Submittals: Pre-qualified firms that would like to be considered for contract to provide the required services should reply with a Letter of Interest no later than April 17, 2017. Letters received after this date will not be considered. Letters should be submitted to Shirley A. Oney, Butler County Engineer's Office, 1921 Fairgrove Avenue, Hamilton, Ohio 45011.

Contact: Shirley A. Oney - Cell Phone Number - 513-290-2626, Office Number 513-785-4111, or oneys@bceo.org.
